Almost half the Australian population will experience a mental disorder at some point in their lives. The UWA CPD ‘Mental Health’ seminar will provide a forum for discussion and debate around key issues in mental health in Western Australia. It brings together experts in the field, consumers and stakeholders to discuss current mental health challenges and how to manage them.

This multidisciplinary event will investigate best practice, collaborative working and the establishment of referral pathways between health professionals involved in the care of patients with Mental Health issues.

Open to all members of the multidisciplinary health care team.

Topics include:

- Anxiety
- Adolescent mood disorders
- Self-harm and suicide
- Addiction
- Perinatal mental health
- ‘Caring for Older Australians: The Challenge of Mental Health’
- ML Mental Health Programs
- AHPRA CPD requirements
- Online availability
- Expert presentations
- Inter-professional learning
- Networking opportunities
- Excellent lecture facilities
- Top class venue and catering

Organised by UWA in collaboration with the Medicare Locals
